I hope everyone had an enjoyable day despite the changeable weather and the one or two minor problems on the course. Those runners who went off course after seven miles will be happy to know that they ran less than 200 yds extra (suprised me too!) As for the cows on the road - not much we could do about that one!

The problems were all caused by one solitary arrow that some clever person had painted on the road. This sent the fun runners the wrong way so that they got to Charlton later than planned by virtue of doing the course back to front. It had been intended that the marshalls from Charlton would go up to Farthinghoe as soon as the fun run had passed by. Unfortunately they were too late and the wanderers had already gone their own way (the arrows on the wrogg side of the road didn t help).

Still, I hope you found the route to your liking (now all you unattached folk know what 'RRG standards = 1 minute' means!).

Deq Murphy.
