**LEAMINGTON TO BANBURY AP 20**  
November 17th, 1985

Neil Appleby of Birchfield gave a convincing display of front-running as he led home a field of 200 runners in the AP 20.

Neil pushed himself hard all the way despite the lack of company up front. He was rewarded with a fine time of 1:45.33, well inside the former course record and over six minutes clear of his nearest rival.

The race behind the Birmingham man was far more competitive, with Ralph Oliver (Gloucester AC) eventually taking second place. Veterans Brian Booth (Verley) and Tony Kearns (Leamington) followed close behind, then came Robin Gardener, of Woodstock Harriers, leading his club to a convincing team victory over Gloucester and Leamington.

There were 175 finishers.
